

Priyansha Sharma

Operations Team Lead | Customer Operations & Quality Governance

priyansha.s.official@gmail.com | +91 87970 64645 | Portfolio: [la-chica-morena.github.io](https://github.com/la-chica-morena)

SUMMARY

Operations Team Lead with 2+ years at Cache Labs (Chronicle International Publishers), progressing from Operations Associate to Team Lead, including over a year leading a 4-member team. Owns quality and SLA/TAT governance, exception handling, and escalation resolution across high-volume publishing operations, serving as the single point of contact for client and vendor escalations while sustaining 100% SLA/TAT adherence through data-driven tracking and reporting. Builds Advanced Excel dashboards and trackers to monitor KPIs, throughput, and delivery status, and drives process-governance and workflow improvements that raised operational efficiency by 75%. Comfortable with invoice/payment coordination in fast-paced, metrics-driven environments.

PROFESSIONAL EXPERIENCE

Cache Labs (Chronicle International Publishers), Team Lead, Operations 03/2026 – Present

- Act as the primary escalation point for client and vendor issues, driving critical-issue resolution and sustaining 100% SLA/TAT adherence across content, publishing, and delivery workflows.
- Lead end-to-end operations for CIP and Smart Immigrant client accounts, owning quality, turnaround, and cross-functional coordination from intake through delivery.
- Manage team execution in ClickUp (task delegation, tracking, and performance oversight) to ensure on-time, high-accuracy delivery.
- Built and maintain Advanced Excel dashboards and trackers to monitor client onboarding and publication status, vendor SLAs, and escalations, feeding structured weekly stakeholder reporting.
- Enforce process standards and run team training to raise quality and consistency; improved operational efficiency by 75% through structured task management and cross-functional coordination.
- Coordinate internal teams and external vendors on issue resolution, communication, and invoice/payment processes.

Cache Labs, Sr. Operations Associate 04/2025 – 02/2026

- Led a 4-member team and served as the single point of contact for primary escalations between client-facing teams and external vendors/journal partners, resolving 45+ escalations per month.
- Owned end-to-end vendor relationships, maintaining trackers and delivering structured weekly status updates to stakeholders at 100% SLA/TAT adherence.
- Standardized documentation and reporting to improve visibility and turnaround across concurrent client deliveries.

Cache Labs, Operations Associate 09/2024 – 03/2025

- Managed daily operational workflows for in-house journal development with high accuracy and on-time turnaround.
- Maintained structured documentation and progress reports, supporting cross-functional teams in seamless execution and delivery.

Cache Labs, Jr. Operations Associate 04/2024 – 08/2024

- Delivered end-to-end execution across paper, book, and journal publishing, ensuring high-quality, on-time outcomes.
- Resolved complex client issues cross-functionally using decision-support tools to improve client satisfaction.

INTERNSHIP EXPERIENCE

Helping India Feeding India, Marketing Intern

05/2023 – 08/2023

- Created 20+ success stories across social media and executed 5+ awareness campaigns with supporting content, strengthening outreach.
